1 General Terms and Conditions

This Price list contains the CB distribution rates. These rates are valid from January 1st until December 31st in 2023. All prices are VAT exclusive, the VAT for services is 21%, VAT for POD production is 9%.

We invoice after the end of the month for the previous calendar month. All invoices for CB services are subject to a payment term of end of month plus 15 days.

1.1 Minimum Discount

In the Dutch book trade, publishers and booksellers work according to the Central Depot agreement, see last page of this price list. This is how we implement the Fixed Book Price Act (wet op de vaste boekenprijzen). Minimum trading margins have been set per sort of book. These are the minimum discounts you give to booksellers on their purchases of your titles. Educational books with booksort S are typically used in primary, secondary, intermediate and higher vocational (MBO and HBO) education, this sort of books is not covered by the Central Depot and are therefore not subject to a minimum discount.

The minimum trading margins in the Central Depot Agreement are:

Sort of book	Listprice	Discount
A (tradebooks)	-	42,00%
W (scientific books)	<= € 26,61	30,19%
	> € 26,62 <= € 52,27	29,19%
	> € 52,27	27,19%

1.2 General Terms and Conditions

Our services are subject to the CB General Terms and Conditions. The General Terms and Conditions have been filed at the Chamber of Commerce in Tiel under number 11011108. A copy in English is available at <https://www.cb.nl/en/terms-and-conditions>.

CB evaluates and updates the rates for its services annually.

6.6 Additional charges on shipping packages, pallets and roll containers

For shipments to CB, by CB booksellers or publishers, the sender may use CB's transport. Parcels, pallets or roll containers should be provided with a shipping sticker. This can be printed from CB's online transport application.

Formats, weight and rates of parcels, pallets or roll containers are according to the rate groups mentioned in 6.4 and 6.5. If these parcels, pallets or roll containers do not bear the correct shipping labels, they will not be accepted for shipment. A number of surcharges apply to items that are larger and/or deviate from the standard sizes, if not already fall under the applicable rate group C or D.

This concerns the following surcharges:

	Benelux In €
Package heavier than 25 kg until 50 kg*	8,21
Pallet heavier than 500kg	36,82
Roll container, heavier than 350 kg	36,82
Pallet larger than 80 x 120 cm until the max of 120 x 120 cm	36,82

* A unit heavier than 50kg is considered a pallet.

If it is not possible to deliver the goods offered for shipment, additional costs may be charged to the sender afterwards.
