Value Added Logistics

1 General

The VAL pricing applies to CB services for publishers. The services provided by CB, as well as all its affiliated companies, are carried out in accordance with the General Terms and Conditions of Centraal Boekhuis B.V. These General Terms and Conditions have been provided to you and have been filed with the Chamber of Commerce in Tiel, The Netherlands under number 11011108. You can also request these conditions from our Customer Service department or download them at www.cb.nl.

Our pricing is valid from January 1 to December 31, 2023 and do not include 21% VAT. Costs for the service will be invoiced at the end of the month. All services invoices have a payment term of 15 days after the end of the month of the invoice date.

CB sets the rates for its services annually.

2 Value Added Logistics

Value added logistics

creating sets or displays		
for sealing, packaging or bundling	per order	on request

The activities of sealing, bundling and packaging are indicated in the pricing list as stand-alone activities. When these activities must be carried out in combination with the assembly of sets in one order, for example when assembling or disassembling a display, it depends on the precise assignment how much work is involved. The costs for these extra activities are often calculated on the basis of handling per hour or quarter-hour. For an order to assemble sets of displays, therefore, always contact customer service to have your order calculated.

The activities listed above are indicated in the pricing list as stand-alone activities. It may be that when the assignment is carried out it appears that additional work is required, for example when the articles are in a binder package and must first be removed from it and then returned to it after processing. The costs for these extra activities are often calculated based on handling per hour or quarter-hour. If in doubt about the costs, therefore, always contact customer service to have your order calculated.

3 Extra information

Lead time

The average lead time of an assignment is 5 working days from the moment that all materials are complete. The lead time also depends on the scope of the assignment.

Do you have a job that is in a hurry? Please contact customer service to discuss the possibilities.

External materials for an assignment

If you have an assignment for which other suppliers or you yourself have to supply (a part of) the materials, then always state the assignment number to which the materials relate. You will receive this number from our customer service after placing the order.

Depending on the carrier, always use the following addresses for addressing the shipment:
